Title: READING HEAD  
Docket No: LUISE.P001; Customer Code: 28752

Dear Koyama:

This is in response to your voicemail of February 11, 2005 regarding the above-identified patent application.

An amendment was prepared and filed on September 27, 2004 in response to the July 29, 2004 office action. Enclosed is a copy of the response and the date-stamped return receipt postcard.

We had received a telephone call from Examiner Amy Sterling advising that the amendment was timely received. However, Ms. Sterling stated that she was not the Examiner assigned to this application. It was determined in conversation that two of the serial numbers were transposed and a correction of the serial number was made. Examiner Amy Sterling advised that she would now forward the application to the correct Examiner, in Art Unit 2876.
